Pipeline User's Group

➢Still getting organized. Routine discussions will be incorporated into weekly Friday morning Data Handling meetings (10am Pacific in BallamRm & VRVS), first was last week. Will *try* to have special topic discussions out-of-band, on demand.

➢ Confluence area initiated, https://confluence.slac.stanford.edu/display/ISOC/Pipeline+User%27s+Group

➢ Continuing discussion on metadata: defining list of metadata and how to attach to datasets. (Ref. https://confluence.slac.stanford.edu/display/ISOC/Metadata)

➢ Short-term to-do list: user's list of needs from P2 developers (*e.g.*, documentation); development of Service Challenge pipeline(s).
