TkrRecon Desired Features List

An unordered randomly organized list of things we want

Date	Name	Desired TkrRecon Feature	Status
9/23/2004	Tracy Usher	Track helper class which interfaces to propagator to provide "easy" track transportation	
9/24/2004	Leon Rochester	Centralize consts and enums used as array dimensions, NTOWERS, NTRAYS, etc. and look into replacing those arrays with vectors. Can they be set differently for different jobs? This would be handy for Egret stuff.	
9/27/2004	Tracy Usher	Can we (do we want to?) inline the new TDS classes? (I think this requires moving some current functions outside the class with possible effect on usage with recon)
