svac reruns 20050505

The following runs:

135001832 135001834 135001838 135001840 135001844 135001846

of the following tasks:

recon-v3r1p12 reconReport-v3r1p12 svacTuple-v3r1p12

were deleted from GINO's DB, and recon-v3r1p12 (which should launch the other two) resubmitted.

This was necessary to take advantage of new CAL calibrations.
