# Publications from Fermi School Students

- At least 8 Fermi-related papers from 2014 students (~36%)
  - Good number since some students are early in their grad career and only 8 months have passed.
- At least 19 of 26 2013 students gave papers or made AAS or APS presentations (~73%)
- In the process of compiling paper statistics for all years
- Can also look into thesis statistics

# Thanks to 2014 support!

- Our instructors work really hard!
  - Dan Castro, Chuck Dermer, Guillaume Dubus, Elizabeth Ferrara, Adam Goldstein, Alice Harding, Jack Hewitt, Karl Kosack, Miguel Mostafa, Judy Racusin, Scott Wakely, Matt Wood
- Fantastic support from FSSC for tutorials: Elizabeth F., Jeremy, Alex, and Joe
- Excellent venue support from Virden Center
