Cluster Size 2016

Matt Solt

SLAC National Accelerator Laboratory

mrsolt@slac.stanford.edu
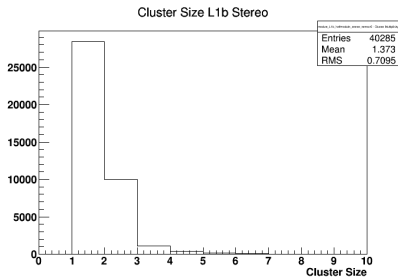

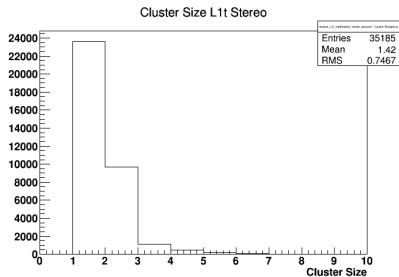

June 27, 2016

Method

- Use run 008087 and run Omar's cluster analysis driver
- Output cluster size histograms
- Grab the mean of the cluster size histogram for each sensor

Examples of Cluster Size Plots

► Each sensor looks similar with mostly cluster sizes of 1-2

Mean CLuster Size for 2016

▶ Mean cluster size as a function of layer for separated top/bottom, axial/stereo, and slot/hole

Mean Cluster Size for Layers 1-6
