What is my research topic?

Research interests

What is my research topic?

Short answer – Not sure yet 🤔

Research interests

What is my research topic?

Short answer – Not sure yet 🤔

- > A former particle physicist (LHC – ATLAS – QCD).
- > Now work 100% CTA, 20% VERITAS.

Research interests

What is my research topic?

Short answer – Not sure yet 🤔

- > A former particle physicist (LHC – ATLAS – QCD).
- > Now work 100% CTA, 20% VERITAS.

CTA:

- > Develop simulation pipeline.
- > Help study the performance of the various telescopes.

What is my research topic?

Short answer – Not sure yet 🤔

- > A former particle physicist (LHC – ATLAS – QCD).
- > Now work 100% CTA, 20% VERITAS.

CTA:

- > Develop simulation pipeline.
- > Help study the performance of the various telescopes.

VERITAS – find a research topic:

- > Start with a Blazar analysis (1ES0033), include Fermi data.
- > If interesting, keep with it;
- > if not, switch to something more interesting; suggestions?
