SLAC Confluence Home

This is the home page for Confluence at SLAC.

Usage of this system is subject to SLAC's Acceptable Use Policy.

SLAC employees and users with a Windows or UNIX account can proceed to sign in here

- If you do not have a SLAC Windows or UNIX account and do not plan to obtain one, you can request a crowd account to access Confluence.
- If you do not see an item in the space list below you are looking for:
  - it could be because you are not logged in, or
  - you do not have the necessary permissions. To request additional privileges, please email apps-admin@slac.stanford.edu, and specify which section of Confluence you need access to.
- Need help logging in, or with something else with Confluence or JIRA? Check the FAQ or email apps-admin@slac.stanford.edu

For general IT Help at SLAC: call the IT Service Desk at 650-926-4357 or email ithelp@slac.stanford.edu

How do I?

- Change my e-mail or name?
- Change my Crowd password? (Does not work for Unix or Windows accounts; see password.slac.stanford.edu for Unix and Windows accounts)
- Reset a forgotten or expired userid or password? (Again, does not work for Unix or Windows accounts; contact the SLAC IT Service Desk for those)
- Request a new space for a group or collaboration?
- Set up a personal space

For other Confluence support issues, send email to apps-admin@slac.stanford.edu or open a Service Now ticket.
