

# Calendar-of-Events Access

## iCal (Mac)

Click Calendar->Subscribe and paste in the following url:

```
http://www.google.com/calendar/ical/suncatslac%40gmail.com/private-b246e9d32bldfca880d5701f3084326d/basic.ics
```

## Outlook 2007 (Windows)

- Click Tools->Account->Settings->InternetCalendars->New...
- Enter the same URL as above
- Change the folder name from "basic" to something more descriptive, like "suncat"
- the calendar will show up under "other calendars".
