

P201 Reprocessing

Next generation reprocessing task.

P201-ROOT is being configured for a full Pass7 reprocessing.

Code is now split between main reprocessing task and commonTools directories:

</nfs/farm/g/glast/u38/Reprocess-tasks/P201-ROOT/config>

</nfs/farm/g/glast/u38/Reprocess-tasks/commonTools>
