

CCB Request - Release stored procedures 1.4.0.1 for Pipeline-II

Motivation:

1.4.0 stored procedures had [bug](#) a which prevented the rolling back of certain stored procedures. That bug has been patched, with a one line change the the code in the 1.4.0 version of the stored procedures.

In Summary:

- fix bug [PII-419](#)

Components to be upgraded:

org-srs-pipeline-sp-1.4.0 -> org-srs-pipeline-sp-1.4.0.1

Related Jira Issues:

<https://jira.slac.stanford.edu/browse/PII-419>
<https://jira.slac.stanford.edu/browse/SSC-310>

Backward Compatibility:

No backward compatibility issues will occur.

Upgrade Procedure:

- Stop pipeline
- Upload stored procedures (~ 2 minutes)
- Start pipeline

Back-out Procedure:

The current version can be restored if needed.
