Box plot of RTT on World map

Pacsal Antz has taken the SLAC PingER data for Jan-Nov 2012 and plotted it on a world map.

The metric is the 10th,25th,50th,75th,90th percentile for the (min-rtt, by day, by country). The legend indicates the background color chosen for the boxplot, regarding the 50th percentile value.

The application used was Keynote.
