sid-dropbox

SiD detector for ILC

Welcome to the SiD confluence space. Right now this is only being used to create a DROPBOX for the SiD documents for Bangalore. It would be an excellent idea for someone to add some guidelines for generating word documents.

Access to the DROPBOX is restricted. If you need to access the DROPBOX you need to:

1. Get a confluence account. If you do not already have one click here to sign up.
2. Send an e-mail to Karen (karen@slac.stanford.edu) and ask her to add you to the sid-confluence-dropbox group.

Once this is done you will be able to follow this link: DROPBOX.

Current list of users with access to the DROPBOX

> User list not rendered as you do not have the privilege to view user profiles.
