Web design notes

Web design notes

This page is modeled (not yet perfectly) on the site designed by TechPubs which is at:

http://www-group.slac.stanford.edu/sid/default.htm

To Do List

There are many things still to do

Design

- Search box should search only SiD space.
- "Dashboard" should be removed from breadcrumbs
- Better placement of favorite and watch page icons
- Improve look of left navigation panel
    - Placement and sizing of page controls
    - Show current page as in original techpubs design
- Fix color of tabs in edit page
- Fix menubar display in IE

Content

- Finish copying content from old site.
