Agenda

- Announcements
 - Ports 8000-8999 are now blocked from offsite access (and from the visitor network) on all glastlnx*. Offsite access to servers running on these ports now requires VPN or ssh tunneling.
 - [Beam Test Data Monitoring application](#) available
- [Java stored procedures in Oracle](#) (Dan).
- [Prototype Data Catalog web interface](#) (Dan?).
- [New Data Catalog schema](#) (Karen).
- Status updates.
