

GlastRelease v15r24

[Run Manager Summary](#)

[System Tests v15r24](#)

System Tests Report Summary

This is an L1 Production candidate.

No differences in the comparison with [GR v15r21](#)

Changes

- AnalysisNtuple - now with FswGamEnergy and FswGamStage
- Gleam - Addition of job options to pick up proper flight calibrations
- ConfigSvc - GemWindowMask added to defaultTrgConfig.xml file
- GCRCalib - fix of threshold setting
