Home

This is the home page for the Beam Test 2006 space. This page can be edited by anyone with GLAST confluence permission, and is meant to replace, the **old** beam test web page, which can be found here

Beam Test 2006 : Operations

CERN Operations **GSI Operations** **SLAC Operations** **CU Hand-off memo**

Beam Test 2006: Data Analysis

This is the for data analysis mostly

Meetings: **Weekly VRVS meetings** **F2F Meeting** **Workshop4 (Workshop4 agenda)** **Workshop 3** **Workshop 2** **Workshop 1**

General: **Movies** **Forum** **Presentations** **CCB** **BT Pictures** **More pictures**

Data Access **Get Data** **Get MC Data** **Status of Priority Runs** **Summary of Run Types** **Summary Plots of Configurations** **List Of Good Runs**

Data Taking Info: **Shift Log** **Paper logbook** **pdf** **,html** **PS final schedule** **Table Positions** **Table Description** **Relevant Run Info** **PS+SPS+GSI shift logs**

Data Analysis Topics: **List of Analysis Topics** **BT Geometry** **BT Workbook**

How to use: **Event Display** **Merit tuple** **BT tuple** **CAL Tuple** **Calibration**

Offline Software: **Known Bugs** **BT Pipeline** **Local Offline** **Pipeline errors** **BeamTestRelease**
