

# Other Proposals

Proposal related to LAT work involving other facilities (i.e., other optical telescopes)

- S. Ciprini, "*Optical polarimetric survey of new blazar candidates for GLAST*". -- Type: LAT proposal, on behalf of the LAT Blazar-SWG; Facility: Nordic Optical Telescope ([NOT](#)); Call period: P-35; Result: not accepted (rate obtained 2.54, lowest rate accepted 2.30); - [proposal doc./info](#) (MW activity table in the AGN-SWG-confluence homepage).
- S. Ciprini, "*VRIJHK monitoring of blazars*" -- Type: non-LAT proposal but possibly interesting for the LAT Blazar-SWG; Facility: Rapid Eye Mount ([REM](#)); Call period: AOT-16; Result: accepted; - [proposal doc./info](#) (proposal frontpage).
- S. Ciprini, "*NICS polarimetric survey of new gamma-ray blazar candidates for GLAST*". -- Type: LAT proposal, on behalf of the LAT Blazar-SWG; Facility: Telescopio Nazionale Galileo ([TNG](#)); Call period: AOT-16; Result: not accepted (slightly below the approval threshold); - [proposal doc./info](#) (proposal frontpage & comment).
