

Calorimeter

Documentation:

- The **ECal Manual** is [here](#) with **maps** [here](#) to find where all elements are and to which channel they are connected
- The commissioning plan is linked [here](#) with details [here](#)
- Documentation on the [Mechanical systems](#)
- Drawings and survey stuff for [Beamline and Magnet](#)

Papers:

Note about the characterization of the Ecal crystals light yield and amplification chain: [2014_Charac-crystalsLYandAmpli.pdf](#)

Talks:

Results of the tests carried out on the preamplifiers for calorimeter: [Rauly_HPS_14avril2014_v4.pdf](#)

Description of the primary trigger: [Primary Trigger Report](#)

Study of resolution with simulation: [ECal Simulations and Resolutions](#)

Talks about calibration are posted here: [Old Calorimeter Calibration](#)

Subtopics:
