

Confluence Viewers (Read-only Access)

The following people are members of the *atlas-confluence-viewers* group, and thus allowed to view the pages of the ATLAS space that have been restricted to that group. (Not explicitly restricted pages can be viewed by anyone on the web.) To request for someone to be added to or removed from this list, contact the [ATLAS Confluence Admins](#). A new member must have logged into Confluence at least once before they can be added to the group.
