Confluence Editors

The following people are members of the *atlas-confluence-editors* group, and thus allowed to edit the pages of the ATLAS space. To request for someone to be added to or removed from this list, contact the ATLAS Confluence Admins. A new member must have logged into Confluence at least once before they can be added to the group.

Most pages in the ATLAS space are visible to anyone on the web. A few pages, and their child pages, are restricted to the group ATLAS Confluence Viewers, in order to protect their content. To grant access to these restricted pages to someone not in the *atlas-confluence-editors* group, request to have them added to the *atlas-confluence-viewers* group instead.

> User list not rendered as you do not have the privilege to view user profiles.
