

# Data Catalogue Folder Layout Discussions

We should organise the folders in the catalogue to avoid total chaos. Here is a straw proposal for a top level layout:

## MC

DC2  
Service Challenge  
Gleam  
Obssim  
Pass5 ?  
BeamtTest  
User  
Test

## Data

ETE  
1  
2 etc  
Flight  
I&T  
Test

## Questions

- how do we specify data reprocessings? Or MC for that matter.
