

Inbox

Please upload your files on this page.

1. [Request](#) wiki page account (group SiD). You only need to do this once.
2. Return to this or any other SiD page and click on link "log in" at upper right hand side of the page.
3. Navigate back to this page (or just bookmark it). Click on link "Page Operations" at the lower left of this page.
4. Click on "Attachments" and follow directions for uploading your files.
5. Email [Doug Wright](#) so he knows you have added something, and he will move it to the proper location.

Make sure you enter a meaningful comment for each file, so Doug knows where to put it.

Once you have a wiki account, you can add files to any page you want, so if you are just adding files to an existing page (e.g. a previously created meeting), please go ahead.
