

SuperCDMS Public Talks from the SLAC group

(in reverse chronological order)

- [DANCE: Dark-matter And Neutrino Computation Explored](#) - Workshop on Dark-Matter and Neutrino Computation - Oct 2019 - C. Cartaro
- [Current status of SuperCDMS SNOLAB and results from a reduced threshold SuperCDMS-style detector](#) - Topics in Astroparticle and Underground Physics, Toyama, Japan, 2019
- [SuperCDMS detector performance and early science from CUTE](#) - Identification of Dark Matter, Providence, RI, 2018 - Tsuguo Aramaki
- [Recent results from the second CDMSlite run and overview of SuperCDMS SNOLAB project](#) - Darkside of the Universe (DSU), Kyoto, Japan 2015 - Tsuguo Aramaki
- [SuperCDMS results and plans for SNOLAB](#) - *PATRAS 2015 on Axions and WIMPs, June 25th, Zaragoza, Spain* - Paul Brink
- [Searching for Dark Matter with SuperCDMS](#) - Double Beta Decay and Underground Science Workshop, Hawaii, USA - Richard Partridge
- [The Search for Dark Matter by the CDMS Collaboration](#) - *SLAC Experimental Seminar, November 15, 2012, SLAC, USA* - Richard Partridge
- [CDMS Results and Status \(pdf\)\(ppt\)](#) - *DSU-8, June 14, 2012, Buzios, Brazil* - Paul Brink
- [Direct Detection of Dark Matter using Cryogenic Germanium Detectors](#) - *ICATPP-13, October 5, 2011, Como, Italy* - Richard Partridge
- [Review of Dark Matter direct detection experiments \(pdf\)\(pptx\)](#) - *LTD-14, August 5, 2011, Heidelberg, Germany* - Paul Brink
- [Large diameter Ge detectors for DM experiments \(pdf\)\(ppt\)](#) - *TIPP 2011, June 11, 2011, Chicago, USA* - Paul Brink
- [Phonon Transport on Geant4](#) - *7th Geant4 Space Users Workshop, Aug 18, 2010, Seattle, USA* - Daniel Brandt
- [Route to Ton Scale Ge Experiment](#) - *SLAC Users Organization Meeting - Aug 30, 2010, SLAC, USA* - Eduardo do Couto e Silva
