

05.03.2021 EC

Present: Stepan, Norman, Rafo, Tim, Marzio, John, Maurik, Omar

- News: Get registered and take training
- Update on shifts - Maurik/Marzio

Started with European collaborators, need a week to finish the list. Then will ping US collaborators.

- [Run conditions for RSAD](#) - Stepan
- Preparations for the upcoming run - Tim/Rafo/Marzio/Stepan

Bulding and testing the Hybrids are in progress. Two cards are at SLAC, need to send the cables with the third card. ECal is connected, chiller, HV and LV, gettign ready for cosmic calibrations. Hodoscope is waiting for wrapping of the second tile.

- Update on 2016 analysis, the status of publication - Tim

The review committee is evaluating the new note, will take about 10 days.

- Update on 2019 data calibrations (we did not discuss this last time - [track timing](#), [ECal and SVT calibration](#)) and [data processing](#) - Norman/Omar
- AOB (shifts)
