Add Printer

In order to use the printers you need to be connected to the SLAC network either via VPN or directly via the ethernet.

Printers:

The printer between Michael's and Bernhard's office has the IP address 172.25.10.136.

Windows:

1. Connect to the SLAC network or use SLAC vpn.
2. Open Control Panel, go to 'View devices and printers'.
3. Click on 'Add a printer'.
4. A new window will open where all printers in the network are listed.
5. Select the appropriate printer and click Next.

The name of the printer on 2nd floor of building 48 (Room 238) is 048-F2-C5550-01.

Mac:

Some instructions are here.

The printer queue names can be found here.

For the printer in B048 second floor in the print room (room 238) it is "b048f2copier".
