

SiD Meeting at LCWS08 Saturday, November 15,2008

[SiD Meeting at LCWS08 Saturday, November 15,2008](#)

The SiD Design Study will hold a meeting on Saturday, November 15, the day prior to the beginning of LCWS08. Everyone interested in learning more about SiD and participating in preparing the SiD LOI is welcome.

We plan to review progress in MC generation, reconstruction, and benchmarking studies; review the latest SiD R&D and engineering designs; and discuss our progress toward writing the SiD LOI.

We ask those planning to come to [register](#), to help with our planning for the meeting.

Further details about the meeting, and a meeting agenda, will be forthcoming.
