

Science Tools Application Names

This page has been inactive since August 2005 and should be considered of historical interest only. A more recent page with tool-naming issues is [Proposed Tool Name Changes 29 May 2007](#)

Proposed tool names

Names for the tools that follow the "gt" prefix convention have been proposed in the [Science Tools Working Group meeting](#). Here is a copy of the table that was presented during the meeting with a column added for the package owners to enter their preferred names (when they differ):

Current name	Proposed Name	Preferred Name
TsMap	gttsmap	
count_map	gtcntmap*	
dataSubselector	gtdatasubsel	gtselect
diffuseResponses	gtlikediffresp	gtdiffresp
evtbin	gtcntmap*	gtbin
expMap	gtexpmap**	
exposureMap	<may go away>	
exposure_cube	gtlivetimecube	
exposure_map	<merge with gtexpmap?>**	
glbary	gtbary	
gtbindef	gtbindef	
gtcntsmap	<merge with gtcntmap?>*	
gtsrcmaps	gtsrcmaps	
likelihood	gtlikelihood?	gtlike
makeExposureCube	<merge with gtlivetimecube>	gtlivetime
obsSim	gtobssim	
orbSim	gtorbsim	
pulsePhase	gtpulsephase	gtpphase
rspgen	gtrspgen	
sourceIdentify	gtsrcid	
stpsearch	gtpsearch
