Xrootd Crashes

Known crashes of the xrootd/cmsd servers.

2008-11-06 06:29 wain021 xrootd core.20081106_0629

Problem with bad (negative) file handle from client. Fixed in server code.

2008-11-12 12:52 wain018 xrootd core.200812_1252

Looks like the xrootd crashed twice (after one restart from ranger).
The dbx output looks similar to the one from 2008-11-06 on wain021.

2008-11-13 14:14 wain021 xrootd core.20081112_1414

There were 4 crashes within 50 min. core looks like the problem on 2008-11-06
