

# Test and Example Files

## HPS-MC

### Examples

hps-mc includes [usage examples](#), some of which need input files. These example input files are located at [https://hpsweb.jlab.org/test/hps-mc/example\\_files](https://hpsweb.jlab.org/test/hps-mc/example_files), sorted into the three categories beam, tritrig, and data. Examples that require input files will automatically download these from the above location.
