

# November 2022 Collaboration Meeting at SLAC

November 7-9, 2022 at SLAC

HPS has two physics datasets ready to begin developing the resonance and displaced A' searches, as well as new searches beginning for SIMPs and iDM on the 2016 data. With the PRD on the 2016 data approaching publication and no operations planned for the next two years, we have a prime opportunity to convert all of our hard work into results! This meeting will focus squarely on organizing to achieve these goals. We look forward to finally **seeing** you again at SLAC!

## Registration

**All attendees are required to fill out a [site access form](#).**

- Please register [at this link](#). (SLAC attendees DO need to fill out a travel request for reimbursement - contact Maria with questions).

## Dining at SLAC

- The [SLAC Cafe](#) serves [breakfast and lunch](#) on weekdays and is located in the SUSB (Building 53), where the meeting will be held.
- Verve Coffee (replaces Starbucks) has a location at SLAC, [directly in front of the Guest House](#), with both food and drinks.
- [Eric's Gourmet](#) deli is a [short walk down the path and along Sand Hill Rd.](#) in the [Sharon Heights Shopping Center](#) along with a number of other restaurants and shops.
- [Sand Hill Kitchen](#) is a nice full-service cafe in the Venture Capital campus [across Sand Hill Rd. from SLAC](#).

## Off the beaten path...

There are a number of possibilities if you have time and feel like exploring a bit:

- Go for a short hike in the Redwoods (closest access is [8 minutes from SLAC](#)) in the [Thornewood Open Space Preserve](#).
- Go for a short hike or run ([4 minutes from SLAC](#)) in the [Stanford "Dish" preserve](#). (a SLAC badge is required to take the short cut through SLAC to the parking area)
- Go for a longer hike in one of the larger [Open Space Preserves](#) (several within 30 minutes of SLAC - Windy Hill, Russian Ridge and Rancho San Antonio are all close by and recommended) and/or [County Parks](#)(Wunderlich and Huddart parks are close by and recommended.)

- Go for a walk on a deserted beach near the quaint coastal town of [Pescadero](#) - 45 minutes away (suggestions [here](#), [here](#), and [here](#)) or somewhat larger [Half Moon Bay](#) - 30 minutes away (suggestions [here](#)) or high on the cliffs over the Pacific ([30 minutes from SLAC](#)) on the [Devil's Slide Trail](#).

... and San Francisco is only about 40 minutes away if you beat the afternoon rush! Wondering what else is possible? Ask Tim Nelson or another local for a suggestion!
