

org.lcsim version 0.6 released

In keeping with our plan to make new releases of org.lcsim each week, version 0.6 has been released. It is tagged in CVS as:

GeomConverter v0r3p0
lcsim v0r6p0

The (known) changes are:

Bugs Fixed

- [LCSIM-15@jira](#) - LCSIM Event Browser Tree Icons don't show collapsed status

New Feature

- [LCSIM-13@jira](#) - MCParticle tree view

(we need to do a better job of keeping track of changes in Jira for future releases).
